

Arena B Team

We have clearly struggled this year competing at a higher level following the team's promotion from Division 2 to Division 1. This has lead to our B team having to compete against other Club's A Teams and having to face a far higher level of competition. We also particularly suffered in Round 2 due to the unfortunate clash with the ISA National Finals.

The disappointment of coming last on three occasions must be contrasted by the very high number of PB's and the great team spirit from those who have competed, whether in one gala or all three.

The bonus has been the emergence of some of the younger swimmers in terms of performances that have shown great improvements and which will serve to equip them well for the future.

Our heads have never dropped and the club should be very proud of the efforts made by all.

We look forward to competing in Division 2 next season, where there will be a more level playing field.

Dick and Matt
