

## Recycling Flippers

Q. What can you do with your old Flippers?

A. Take them along to the Garrison on Sundays or Lido on Fridays and leave them on the poolside table.

If there is enough demand then I will keep a box of Flippers and when your flippers become too small then for £2 you can have a cleaned recycled pair.

All monies will go towards the club.

To get this underway I need as many old pairs of flippers as possible.

Many Thanks

Liz Fuller
